

S.E.C.C. Bazaar

This year's SECC campaign was shorter than prior years and with the upcoming holidays in addition to other fundraisers, it was difficult to plan an event this year.

The SECC Team attended an ASK Meeting on November 8, 2013. This agenda included guest speakers from the United Way of Southern Arizona. They provided critical information on how their organization benefits from campaigns such as SECC. One of the guest speakers was a retired correctional officer that discussed how their programs reduces the inmate population by getting at-risk youth on the right path.

The SECC Team braved the elements this past Friday where they sold items donated from staff to include homemade crafts, food, and baked goods. The fundraiser yielded \$312.00 and we collected \$321.00 in pledges for a collective total of \$633.00.

The success of this campaign was a result of the staff that donated items for the bazaar and the fantastic staff that participated with the fundraiser itself. This team included Ms. Chappron/Complex, Ms. Maytorena/Catalina, CO III Mormon/Cimarron, and CO II Collins/Manzanita.
