The Area Agency on Aging and its DOVES[®] program wish to thank the individual who has donated to DOVES[®] through the State Employees Charitable Campaign.

The DOVES[®] program has provided a fresh start in life for more than 90 older adults who would have otherwise remained with their abuser because they had no other option available to them. Thanks to DOVES[®], these older adults are finding the time, support and assistance they need to become self-sufficient and able to live free from violence and fear, many for the first time in their adult lives.

The DOVES[®] program is made possible through contributions from caring individuals and organizations in our community, bringing help and hope to older adults at a time when they need it most. Please extend our thanks and gratitude to the State employee who is supporting this critical program.

Sincerely,

Susan J. Shea
