

## “Arthur”

Arthur is a survivor. He lost his father when he was a young boy to a drug overdose. Then at the age of 14, his mother overdosed on pills.

Life has been nothing but chaotic for Arthur. Since his mother's death, he has been separated from his siblings and stepfather.

Arthur and his younger sister were left in the care of his older sister, who is barely an adult herself. He describes his life as filled with troubles,

darkness, depression and grief. He shares, “I will mourn my mother's death, but not collapse under the sorrow, but build upon the situation and be the best that I can be at what I do. It is willpower that drives humans to achieve one's great
